TUESDAY MORNING, DEC. 9, 1862.

W. M. Brown, Esq.

We have been permitted to read a letter from Judge SAM'L. GALLOWAY, special Commissioner at Camp Chase, Ohio, addressed to several gentlemen of this city, in which our townsman, W. M. BROWN, Esq., is mentioned in the most flattering terms. It will be remembered that Mr. BROWN tendered his services to bear the official papers from Governor JOHNSON to the authorities at Camp Chase for the release of the Tennessee prisoners; and it was his demeanor, while at Columbus in attendance at the Commissioner's Court, that has elicited remark from authority so high. We are truly glad to know that he has made his mark among strangers. At home, his kind and obliging disposition, and his promptness and efficiency in whatever he undertakes, has won for him universal regard.

We are informed Johnson and Morgan at the head of about six thousand troops, surprised and captured a brigade of about two thousand Federals, at or near Hartsville, on the Cumberland river, day before yesterday. Reinforcements were sent out immediately from Gallatin, and recaptured nearly all the arms, and retaken a small number of the Federals, together with tents, &c. We learn the above from passengers on the Louisville train. The facts, as we learned them, are discreditable to the commanding officers. As our information is unofficial, we refrain from further comment.

We learn that Mr. THOS. SPENCER, a highly respectable citizen of this county, was found dead on Sunday morning, about 9 o'clock, on the Broad street pike, two and a half miles from the city. He was shot through the heart, and his pistol was found some fifty yards from the place where he fell. It is thought that the accidental discharge of the pistol was the cause of his death. The deceased was twenty-four years old, and leaves a wife and two children.

We are under many obligations to our young friends CALAN & PITSFIELD, No. 15, Deaderick street, for a large can of fresh Oysters. These enterprising young men keep constantly on hand Oysters, Fowls of every description, and in fact all the luxuries of life. The hungry will find their establishment well supplied with everything good to eat. They have now on hand a large supply of fresh butter, which they will sell to families on reasonable terms.

The alarm of fire, last evening, about six and a half o'clock, was occasioned by the burning of a small frame house on North College street. We did not learn the amount of damage sustained, or to whom the property belonged.

Mr. THOS. ONEILL the polite and gentlemanly Superintendent of the ADAMS Express Co., arrived on yesterday evening's train direct from Louisville; he will only remain in our City a few days. Glad to see you, Tom.

THE RIVER.—The Cumberland is gradually rising at this point, with eighteen inches water on Harpeth Shoals. There are no indications, however, of a heavy rise at present.

LATE PAPERS.—We are under obligations daily to Messrs. HARDE & Co., R. H. SINGLETON, WM. COLLIER, W. W. THURSDAY, and SNYDER & BLAIR, for late papers.

Major-General D. C. BUELL reached Nashville Sunday, and is now stopping at the St. Cloud Hotel.

The Board of Aldermen will meet this evening at six o'clock. We hope to see all the members present.

A gentleman in this city has a live rattlesnake, which he keeps confined in a glass box, labelled "buswhacker."

Proclamation of the Governor.

WHEREAS, The State of Tennessee is now, and has been, without a full representation in the XXXVIIIth Congress of the United States of America; and whereas it is believed, upon information received, that a large majority of the voters of the Ninth and Tenth Congressional Districts of this State, as apportioned by the Act passed February 20th, 1852, have given evidence of their loyalty and allegiance to the Constitution and laws of the United States;

Now, therefore, I, ANDREW JOHNSON, Military Governor of the State of Tennessee, in order to secure to the loyal electors of these two Congressional Districts their constitutional representation in the House of Representatives of the United States of America, have deemed it proper to issue this my proclamation, appointing and ordering elections to be held on the twenty-ninth day of December, 1862, to fill the vacancies in the XXXVIIIth Congress of the United States of America in the following Districts, to wit: The Ninth Congressional District, composed of the counties of Henry, Weakly, Dyer, Obion, Lauderdale, Tipton, Gibson, Carroll and Henderson.

The Tenth Congressional District, composed of the counties of Madison, Haywood, Hardeman, Fayette, and Shelby.

Writs of election will be issued, and the election held at the places designated by law, and the proceedings under said writs returned to the office of the Secretary of State. The judges appointed to hold said elections, in addition to the oath prescribed by section 844 of the Code of Tennessee, shall further swear that they will permit no person to vote whom they believe to be disloyal to the Government of the United States.

And no person will be considered as an elector qualified to vote, who, in addition to the other qualifications required by law, does not give satisfactory evidence to the judges holding said election of his loyalty to the Government of the United States.

In testimony whereof, I, ANDREW JOHNSON, Governor of the State of Tennessee, and Commander-in-Chief of the forces thereof, have hereunto set my hand and caused the great seal of the State to be affixed at the Department in Nashville, on the 8th day of December, A. D. 1862.

By the Governor:

ANDREW JOHNSON,

EDWARD H. EAST,
Secretary of State.

Nov 30-2w.

To Whom it May Concern.

I am directed by Major-General ROSECRANS, commanding the military department of the Cumberland, to publish the following as a guidance to all parties having business transactions with any officer, or agent of the Quartermaster's Department. Particular attention is solicited to all the points referred to, from all citizens, and settlers in Tennessee, or where the army or any of its detachments may be found.

The officers of the Quartermaster's Department have special charge of the matter of Fuel, Forage, Straw, Transportation, its repairs and maintenance and while in the field have under certain restrictions, understood by themselves, authority to provide the articles above specified for the use of the troops, and transportation in their charge.

Supplies pertaining to the Quartermaster's Department must be purchased or procured by the officers of that Department, or agents appointed only by the approval of the Secretary of War. Should officers or agents be supplied with funds, immediate payment should be made for all purchases made from, and for services rendered, by loyal persons.

When purchases are made by any Quartermaster or agent not supplied with funds for payment, certified accounts of purchase must be given in triplicate and in form; the certificate stating the articles purchased will be accounted for at the close of the month of purchase, on their monthly reports to the Department at Washington. Citizens or camp followers are not to be authorized to make purchases on account of the Quartermaster's Department. No payments can be made except on the certificate of the authorized officer making the purchase, and no receipt, memorandum, or certificate, except given as above described, will be entertained by any disbursing Quartermaster.

Officers making purchases of supplies for the Quartermaster's Department are held directly responsible to the Treasury of the United States for the legality of their purchases, and are also held strictly accountable for the proper care and distribution of all supplies received, and purchased: this accountability is monthly, and must be so stated in their certificates of purchase—otherwise the certificate is valueless, and is so considered by the disbursing officer.

Brigade and Regimental Quartermasters should always add to their signature the number of the regiment to which they belong, and the State from which the regiment comes, or their official signature is incomplete.

Officers have no right to seize or press private property for their own use, nor for the use of the government, without authority from the commanding general. When such authority is delegated, the certificates, as above described, are required by the laws of the United States, and all others are valueless.

OF THE

NATIONAL CLAIM AGENCY

CONDUCTED BY

HARVEY COLLINS & BRACE,

WASHINGTON, D. C.

CHARLES H. GREEN, Agent

No. 38, Cherry Street, Nashville, Tenn.

THIS AGENCY possesses peculiar facilities for the successful prosecution and settlement of demands against the General Government of EVERY DESCRIPTION, its conductors having had several years' experience in the management of claims for Congress, the Court of Claims, and the Executive Departments at Washington, and being thoroughly acquainted and familiar with the laws and regulations governing their adjustment.

Particular attention will be given to cases arising out of the present war, including the accounts of States, Contractors, and Disbursing Officers of the War and Navy Departments, and for "Collecting, Drilling, and Organizing Volunteers," the reimbursement of which is authorized by an act of Congress; CLAIMS FOR INDEMNITY FOR PRIVATE PROPERTY TAKEN FOR PUBLIC USE, OR FOR DAMAGES TO SUCH PROPERTY, for horses lost in the service, and for Military Pay, Pensions, and Bounty Land.

We give special attention to procuring Pensions, Bounties, &c., accruing to soldiers who have been wounded, contracting at ease, or the families of such as have died, or been killed while in the discharge of their line of duty as such during the present war.

Special care will also be given to claims which have been heretofore Rejected or Suspended by the Department, or Inefficiently Managed. Prompt attention also given to the collection of Quartermaster's Receipts given for Property taken for the use of the Army, to arranging Accounts with and collecting Claims against the Quartermaster's Department.

All Claims placed in our hands receive our Prompt Personal Attention, thereby securing many which, in the hands of an Attorney at any distant point, frequently prove unsuccessful. Aside from this decided advantage, our daily intercourse with all the Departments enables us to pass cases to obtain decisions much more speedily than where all communication and other necessary details must be conducted through the mails.

To this end, we solicit you to forward to us any or all cases of such character you may from time to time have presented, and, as is our custom, we will furnish you with all the necessary blanks, and, when required, instructions.

No charge made in any case unless successful.
